MASONRY BBQS | OUTDOOR FIRES

The Ultimate Outdoor Fire,
Barbecue and Pizza Oven...
All rolled into one

www.buschbeck.co.nz

Engineered in Germany with a double-walled refractory concrete firebox, Buschbeck fireplaces safely burn both charcoal and firewood while keeping the outer structure cooler to the touch. Steel-reinforced quartz concrete construction delivers exceptional durability, with no painting or rendering required.

The popular **Rondo** Series offers a style to suit every outdoor space. The classic **Rondo** features a timeless rounded design in white quartz concrete with an industrial copper plinth and flat chimney cap. The **Rondo Mocha** adds a touch of rustic Tuscan charm with its natural brown firebox, while the **Rondo Grey** delivers a sleek, contemporary look with a striking dark grey firebox and stainless steel plinth.

From left to right: Rondo, Rondo Mocha and Rondo Grey.

All Buschbeck Fireplaces come equipped with the Chrome Grill and 2KG Mortar bag.

Rondo

Be the envy of your friends with the legendary Buschbeck BBQ & Outdoor Fireplace. Imported from Germany, where design is built to last.

The **Sorrento** is a crowd-favourite entry-level fireplace, **exclusive to Mitre 10**, bringing rustic European charm to any backyard. The contemporary **Elba** showcases crisp white quartz with polished stainless steel accents for a sleek, modern look, while the elegant **St Moritz** features a striking two-tone design with white quartz concrete and a warm brown firebox.
